The screenshot shows the GS Select Client Portal interface. At the top, there is a navigation bar with the Goldman Sachs logo, 'Private Bank SELECT', and links for 'Accounts' and 'Statements'. The user's last login is shown as 'May 21st 2021 02:34 PM ET' and 'My account' is visible. A notification banner at the top says 'Did you know: To link a bank account, scroll down and click 'Link a new external account''. Below this is a 'Welcome, Tom' message. The main content area displays 'Lines of Credit' for \$70,000.00. A table shows a 'Line of Credit' account with a balance of \$24,000,000.00 and an outstanding balance of \$70,000.00. Below this is a section for 'External Accounts Linked' with two entries: 'Bank of America - Savings' and 'Chase - Checking', both verified. A 'Link a new external account' button is at the bottom of this section. Three callout boxes provide instructions: 'Step 1: Click Link a new external account' points to the button; 'Step 2: Click Borrow' points to the 'Borrow' link in the table; 'Step 3: Click Repay' points to the 'Repay' link in the table.

Step 1: Click [Link a new external account](#)
In order to borrow funds or make payments, a bank account must be linked to your line of credit. Note that loan proceeds cannot be sent to a brokerage account due to federal regulations. Search for your banking institutions and link the account by securely signing in using those credentials. If your bank is not listed, follow the instructions to manually provide your account details and, if applicable, upload an image of a voided check.
